
RISK MANAGEMENT POLICY
(As per section 134 (3) (n) of Companies Act 2013)

1. INTRODUCTION

The increasing global trends in digitisation driven by the forces of social, mobility, analytics and cloud coupled with the large size of the addressable global market and the relatively low current levels of penetration of the target markets suggest significant headroom for future growth. The Company has positioned itself well for the growth in business with an aligned strategy, structure and capabilities.

2. OBJECTIVE

The objective of Risk Management at Oracle Credit Limited is to create and protect shareholder value by minimizing threats or losses, and identifying and maximizing opportunities. An enterprise-wide risk management framework is applied so that effective management of risks is an integral part of every employee's job.

Strategic Objective:

1. Providing a framework that enables future activities to take place in a consistent and controlled manner.
2. Improving decision making, planning and prioritization by comprehensive and structured understanding of business activities, volatility and opportunities/ threats.
3. Contributing towards more efficient use/ allocation of the resources within the organization.
4. Protecting and enhancing assets and Company image.
5. Reducing volatility in various areas of the business.
6. Developing and supporting people and knowledge base of the organization.
7. Optimizing operational efficiency.

3. RISK MANAGEMENT ANALYSIS

As per section 134(3) (n) of the Companies Act, 2013 ("the Act") requires the Board of Directors of a Company, as a part of the Board Report, to give a statement indicating development and implementation of a risk management policy for the Company including identification therein of element of risk, if any, which in the opinion of Board may threaten the existence of Company.

Further, the provisions of Section 177(4)(vii) of the Companies Act, 2013 require that every Audit Committee shall act in accordance with the terms of reference specified in writing by the Board which shall inter alia include evaluation of risk management systems. In line with the above requirements, it is therefore, required for the Company to frame and adopt a "Risk Management Policy" (this Policy) of the Company

Risk Management being one of the key functions of Board where responsibility is cast upon the board to:

- Review and guide risk policies.
- Ensure that appropriate system of control is in place, in particular, system for risk management.
- Ensure that while rightly encouraging positive thinking, it doesn't result over-optimism that either leads to significant risk not being recognised or exposed to the Company to excessive risk.
- Have ability to 'step back' to assist executive management by challenging the assumptions underlying the risk appetite.

4. RISK MANAGEMENT COMMITTEE

The Board of Directors of the Company has formed a Risk Management Committee to identify the risks impacting the Company business and formulates and administers the policies/ strategies aimed at risk minimization and risk mitigation as part of Risk Management.

5. RISK CLASSIFICATION

The risks are broadly categories into:
